

# Digital Responsibility Shield Activity

Grades 6-8

## **For the Teacher**

This activity is to help students understand their online identity and how they present themselves on the internet. Students will reflect on the impact of their digital footprint to encourage mindfulness about their online presence.

Read the [digital responsibility article](#) before leading the conversation with students. Each group will create their digital responsibility pledge using chart paper and post it in a designated space on the wall. At the end of the session, have the class participate in a [gallery walk \(ILS\)](#) to review each group chart pledge.

**Materials:** Digital or print journal, chart paper, markers

**Extension:** Students share responses in small groups to exchange their work and encourage peer learning.
